

20. SPC BULLETIN

3RD FEBRUARY 2023

THE INTERNATIONAL YOUNG PHILOSOPHER AWARDS

THIS YEAR MARKS THE THIRD YEAR OF THE INTERNATIONAL YOUNG PHILOSOPHER AWARDS.

For 2023 we invite young thinkers from around the world to think about the theme of *belonging*.

- Belonging seems to constitute a crucial aspect of our lives and has been related to a fundamental need that humans have to be alongside other human beings and be accepted as a valuable member of a group (e.g., family, friends, colleagues, country, world, and so on). Belonging becomes ever more important as a topic in the current time where people face sudden displacement because of war and the climate crisis, or internal forms of displacement due to poverty or housing, different identities, gender, race or religion. The International Young Philosopher Awards enables young people from around the world to develop, express and share their thoughts with one another about these important issues.
- **All entries should be submitted by Friday 31st March, 2023. Entries should be emailed to the IYPA email address: youngphilosopherawards@ucd.ie**

TEAMS MATHS 2023

- 6th years. Peter Connolly, Josh Sloggett, Conor O'Reilly and Louise Pearl came 2nd and are now through to the National Final.
