St. Peter's College Dunboyne

CAO/FURTHER ED INFORMATION EVENING 27TH NOVEMBER 2023 7PM

Revised Common Points Scale

Since 2017, all 3rd Level Colleges in Ireland have implemented a new points system to allocate places

New Leaving Certificate Grade Bands

Percentage mark	New grade
90-100	H1/O1
80-89	H2/O2
70-79	H3/O3
60-69	H4/O4
50-59	H5/O5
40-49	H6/06
30-39	H7/O7
0-29	H8/O8

New CAO Points Leaving Cert

Higher Level Grade (%)	New CAO Points (HL)	New CAO Points (OL)	Ordinary Level Grade (%)
H1 (90-100)	100		
H2 (80-89)	88		
H3 (70-79)	77		
H4 (60-69)	66		
H5 (50-59)	56	56	O1 (90-100)
H6 (40-49)	46	46	O2 (80-89)
H7 (30-39)	37	37	O3 (70-79)
H8 (0-29)	0	28	O4 (60-69)
		20	O5 (50-59)
		12	O6 (40-49)
		0	O7 (30-39)
		0	O8 (0-29)

What does the new scale hope to achieve?

▶ To minimise random selection on some courses – less chance of many students on same points with the removal of multiples of 5 e.g. Higher C2 was worth 65 points, now a H4 is worth 66 points.

▶ To encourage more students to take up higher level subjects by awarding points at H7 grade

Bonus Points for Higher Maths

▶ 25 Bonus Points for Higher Level Mathematics continue to be awarded to students achieving H6 and above i.e. 40% or above.

▶ Therefore, the CAO will award as follows:

H6 40%-49%   71 points

H7 30%-39%   37 points

It is the <u>applicants</u> responsibility to:

▶ Research thoroughly all the courses for which he/she is making application.

▶ Be au fait with all aspects of the application system used (CAO) for these courses, i.e., procedures, dates, fees, rules, etc.

What is Biological and Biomedical Sciences?

Biology is the study of living things; we explore how life first arose: the properties that distinguish living organisms from inert matter; how the vast diversity of life forms was generated; how organisms reproduce themselves; how they interact both with each other and with the environment. Biology is fundamental to understanding the world we live in and plays a huge role in medicine.

Modern biological science is unravelling the mysteries of life; it is helping us to meet the challenge of illnesses such as dementia and cancer, to defend against new viruses and drug- resistant bacteria, and to protect ecosystems from climate change and other threats.

Structure of the TR060 Biological and Biomedical Sciences programme

CAO – General Info.

- Since 2005, students can apply for three types of qualifications under the [Nat. Qualifications Framework](#).

- Application can be made for the three types of qualifications on 2 separate lists on a single form:

ENTRY REQUIREMENTS

These must be satisfied before "points" are considered.

Minimum Entry Requirements

E.g. UCD

▶ Pass 6 subjects

▶ At least 2 H5

▶ 4 O6/H7 in:
- ✔ Irish
- ✔ English
- ✔ Another Language
- ✔ Mathematics*
- ✔ Science Subject*

Specific Subject Requirements

E.g.s

Engineering(UCD)

▶ H4(60%) Maths

Veterinary Medicine(UCD))

▶ H5 Chemistry

Commerce(UCD)

▶ O3/H6

If all Entry Requirements are met → applicant is deemed 'Qualified' to apply.

POINTS SYSTEM

Generally in the CAO system

No. of qualified applicants **>** No. of course places

--> selection system is needed.

Selection system used in Irish 3rd Level Colleges is based on:

▶ Points calculated from **ONE** sitting of the Leaving Certificate only.

▶ Points total is calculated from **SIX** best subjects

▶ Entry Requirements can be satisfied over more than one sitting of the Leaving Certificate

Making an application

▶ Applications are made online.

▶ www.cao.ie

VERY IMPORTANT

▶ Students must fill their course lists in:

Genuine Order of Preference

▶ They should not put down courses on the basis of their predictions of next year's cut off points or their own points scores.

▶ Why? – Look at how places are allocated.

Places Allocation

Note:

- The position of a course in a student's preference order does not in any way affect their chance of getting a place on that course.

- The exact same procedure takes place for both lists on the form, hence students may receive 2 offers in August – one from each list, may accept only one.

- Students should think carefully about not accepting one of these offers, as they may not receive any further offers.

- Regardless of whether or not they accept a course in round 1, they will still be offered a higher preference course in subsequent rounds if they become entitled one.

Common CAO Mistakes

Students failing to tick box to confirm they are sitting this year's Leaving Cert

Qualifications & Assessment Summary :
Please tick the qualification/assessment categories that are relevant to you.
You may tick more than one box, if necessary.

HEAR/DARE

▶ Both HEAR/DARE schemes facilitate certain universities/colleges in offering CAO places on reduced points & extra college supports to students who meet certain criteria.

▶ HEAR applicants must meet a range of financial, social and cultural indicators.

▶ DARE applicants must demonstrate evidence of a disability/learning difficulty/on-going illness

▶ Saturday, 13th January 2024 – Online Application Information Day – see **www.accesscollege.ie** –

▶ Applicants must apply for HEAR and/or DARE through their CAO application before 1st February

Higher Education Access Route (HEAR)

HEAR is a third level alternative admissions scheme which offers places on reduced points and extra college support to school leavers from socio-economically disadvantaged backgrounds who are resident in the Republic of Ireland.

You should apply to both HEAR and DARE if they are relevant to you. Applicants who apply and are deemed eligible for both DARE and HEAR will be prioritised by the participating colleges and universities when offering their reduced points places.

For more information on HEAR see **www.accesscollege.ie**.

Eligibility Indicators Combinations

To be eligible for the HEAR Scheme, you must meet Indicator 1 Low Income plus a specific combination of two other indicators.

Combinations that allow you to take part in the HEAR Scheme are as follows:

Indicator Combination 1	**Indicator Combination 2**	**Indicator Combination 3**	Ind

DARE | DISABILITY ACCESS ROUTE TO EDUCATION

SEE WWW.ACCESSCOLLEGE.IE FOR SCHOOL PRESENTATION

What is DARE?

DARE is a third level alternative admissions scheme for school-leavers whose disabilities have had a negative impact on their second level education.

DARE offers reduced points places to school leavers who as a result of having a disability have experienced additional educational challenges in second level education.

What types of disabilities does DARE consider?

- Attention Deficit Disorder (ADD) / Attention Deficit Hyperactivity Disorder (ADHD)
- Autistic Spectrum Disorder (including Asperger's Syndrome)
- Blind / Vision Impaired
- Deaf / Hard of Hearing
- Developmental Co-ordination Disorder (DCD) – Dyspraxia / Dysgraphia
- Mental Health Condition
- Neurological Condition (including Brain Injury and Epilepsy)
- Speech and Language Communication Disorder
- Significant On-going Illness
- Physical Disability
- Specific Learning Difficulty (including Dyslexia & Dyscalculia)

U.C.A.S. (UK Colleges)

► Over 333 Universities

► Students select up to 5 courses in alphabetical order.

► Closing Date for standard courses 31st of January.

► Personal Statement and Reference require

► Operate a clearing system so late places may be available.

► UCAS application require a significant amount of preparation by the student. Applicants should have completed the application before the Christmas holidays

Grants

▶ See www.susi.ie to make application and to check out eligibility reckoner to determine if student qualifies for a grant or partial grant

▶ Application are normally made in April

▶ www.studentfinance.ie – general information

PLCs   https://dunboynecollege.ie/

▶ Strongly advise our students to apply for a PLC course – backdoor into a course / foundation year before entering 3rd level college

▶ Dunboyne College of Further Education over 60 courses at both Level 5 & Level 6 (www.dunboynecollege.ie)

▶ 2 main types of PLC courses:
   a) Pre-university courses with links to 3rd level colleges
   b) Vocational courses e.g. pharmacy assistant / pre-apprenticeship courses

Apprenticeships

▶ To become an apprentice, a student must seek a position with an employer who has been approved as an apprenticeship employer by SOLAS

▶ Employers can be:

> Sole Trader e.g. self-employed electrician;
> Large companies e.g. Mercury Engineering,
> Sisk Group, Jones Engineering
> Semi-state companies e.g. ESB, Dublin Bus

▶ Interested students should research options on www.apprenticeship.ie which provides comprehensive information about all 60+ types of apprenticeships and provides details of employers seeking apprenticeships

▶ Students should also consider pre-apprenticeship courses in a PLC college e.g. Plunket College offers courses in carpentry and motor mechanics

▶ We have asked any student to email us their name and preferred area for an apprenticeship in order to have a database for employers who contact the school

Earn & Learn Apprenticeships

What is it?   How it works   Who it's for   Entry Requirements   Who's Hiring   FAQ

What is an insurance apprenticeship?

The Insurance Practitioner Apprenticeship is Ireland's first apprenticeship to award a level 8 honours degree – the **BA (Hons) in Insurance Practice**.

The three-year, work-based training programme combines academics with on-the-job learning, allowing you to acquire both technical and soft skills. As an apprentice, you will be recruited into an insurance organisation, where you will learn the practical aspects of the job while studying towards your degree. All study is done online through ATU Sligo and The Insurance Institute or the LIA.
